

# Fed up with trying to standardize your enterprise BI tools?

**It would be impossible to enforce a single BI standard across all of these...**

## Operations

## Marketing

## Finance

## Production

**Building a portal  
can take 18 months,  
cost \$2m and still  
achieve nothing**

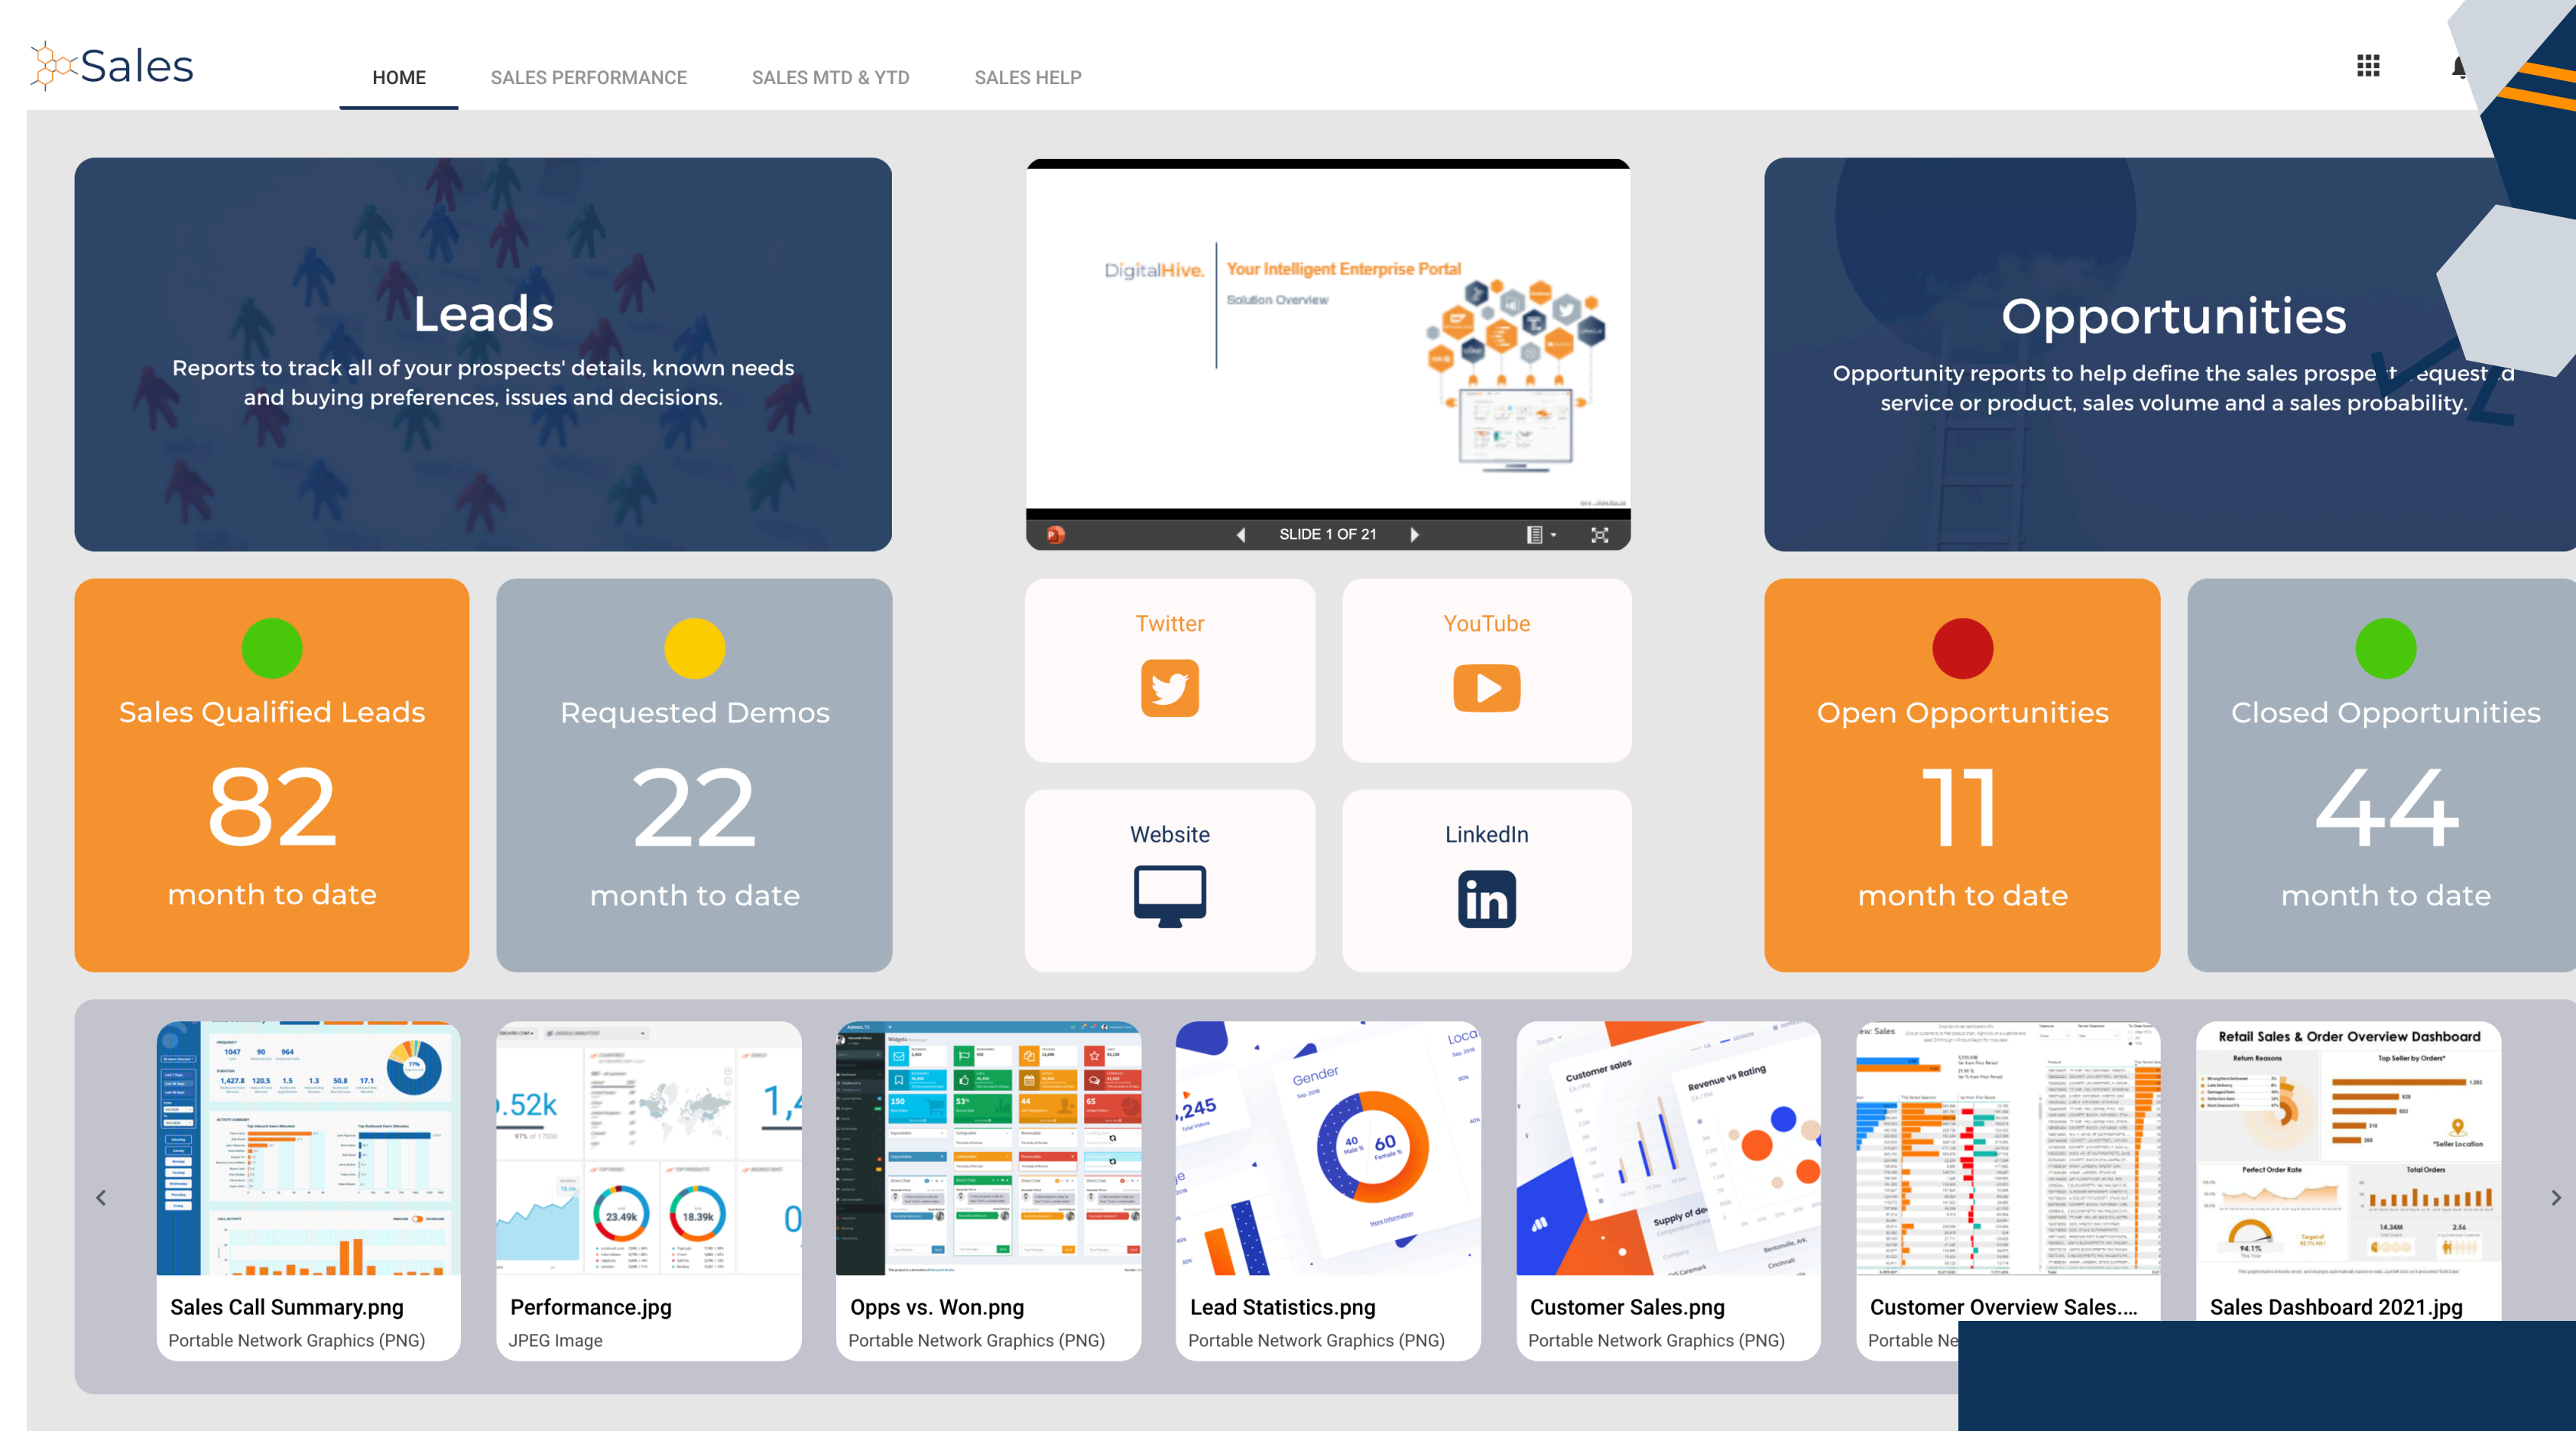

**Well, now you don't have to!**

**6 days**  
**to implement**

# 14 days to ROI

## Insulate users from technical decisions

## The hybrid workplace:

# How enterprise portals enable a “horses for courses” approach to analytics and BI
